INTERLØPERS

ORIENTEERING CLUB • EDINBURGH

SECOND COMMITTEE MEETING, SEVENTH YEAR MONDAY 9th AUGUST 1982, 8-00p.m.
GROUND FLAT, 10 MURRAYFIELD PLACE, EDINBURGH

Present: S.Balfour, I.Lamont, K.Ovens, G.Shiach, A.Spenceley, S.Terry, R.VanderSteen.
Apologies: P.Woolverton.

1) Treasurer's Report The club accounts are at the auditors. No money has yet been claimed for the purchase of the cup for the Lothian Mountain Challenge or for coaching worksheets.

2) Socials Plans for the barbeque are well in hand. John is borrowing Geoff's van to collect wood. ESOC have been invited. A skittles night has been booked at the Sheep's Heid Inn on Monday 20th September. It is hoped to hold a bonfire party on 5th November if a suitable venue can be found. There was some discussion about holding a Halloween Night Event. It was pointed out that 31st October is a Sunday and the date of the MAROC Badge Event, so any night event would have to be held on another date. Wednesday 27th October was suggested. Ken volunteered to arrange something if there was any interest.

3) Events Roger reported that the last RD83 meeting had basically only discussed what to put in the programme. The entry fees were reduced and the reduction satisfied those present at the meeting. As there is very little alternative accommodation, most people will have to use the official event campsite. Ian, John and Roger are to visit Glen Tanar at the end of the month.
The alternative venues for the South East Area championships were discussed in depth. The Army are using the Pentlands, the new Glentress map is a wayfaring map and is over simplified for a badge event, Elibank is nasty and getting worse, Beecraigs is handy but over used, there are not very many maps left of Cademuir. The areas considered as suitable were 'Glenearn and Berryknowe' and 'Benarty'. Glenearn and Berryknowe has 9 landowners and permission may be a problem. Dave Kershaw did the last Badge event there, Liz Mills got the original permission and Steve Terry has about 500 copies of the map. Roger is to investigate whether the area has changed much. Ken is to investigate the possibility of using Benarty Hill if there are any problems about Glenearn.
We are to hold a Lothian-O-League on 12th December at either Holyrood or Calder Wood. Packet Hyman is to be asked to plan. We are also to organise a training event at Archerfield on 27th February. There are only 142 maps left which should be enough for training but not for a L-O-L.
Pat Squire is organising a CATI on 1st September at Cramond, Ronnie Sinclair on 15th September at Holyrood, and Roger VanderSteen on 29th September at Blackford.

4) CompassSport Cup We have been drawn against FVO in the first round of this competition. LINOC have been drawn against WFO. The winners of these two matches will compete against each other in the second round. The first two rounds must be completed by 12th December. Andy is to contact Steve Barret to arrange a mutually acceptable date and venue for the clash.

5) AOCB Gordon was not at the last committee meeting because nobody told him about it. Ken apologised for this. Scott has ordered some club breeches but not tops as these were not so popular last time. Orders are being taken for T shirts.
Ray Heyworth had written asking the committee to support an objection to the abolition of Associate membership. This was considered, but as most members of the committee had no strong feelings and some were in favour of the new scheme, no further action was taken.
The next committee meeting will be on Monday 11th. October at 8-00p.m. at Gordon Shiach's house; 4 Craigleith Rise, EDINBURGH EH4 3TR.
