INTeresting – 01 Aug 2019

A really fantastic Day 4 – surely the best day so far! And not a dodgy river crossing in sight. It wouldn't have been possible without a huge amount of work, today but also over the past 18 months or so, from some particular club members who deserve special thanks: Robin and Max as Planners, and Jane C and Lucy as organisers, plus Paul Caban for controlling. Particular thanks to those who stepped in at the last minute to help set up yesterday and today after an unfortunate ankle-prang for Robin. Jane's already thanked everyone else (Interlopers out in force!) for helping today. If anyone ever suggests that orienteering is an individual rather than a team-sport, you couldn't wish for better evidence against that assertion.

Too many results to mention all, so the list below is restricted to W/M20 and under, first 6 places only. Full results and route-gadget available from the official Six Days website of course.

Good luck for the final two days!
