INTERLØPERS

ORIENTEERING CLUB • EDINBURGH

FOURTH COMMITTEE MEETING ELEVENTH YEAR

8pm Monday 8th December 1986 at 26 Rankeillor Street

Present: Scott Balfour, Bob Cherry, Michael Edwards, Hilary Farlie
Ray Heyworth, Jane Lupton, Graham McIntyre, Donald Watson

Apologies: Lorna Boyd, Charlie Walton

1) Matters Arising from previous minutes

i) Drummond Hill Event: The decision not to collect maps at the finish was taken by the controller. The profit made was £150. After receiving a copy of Ann Walders critical letter, the issues it raised were considered. Valid criticisms were

i) information did not say when registration would open
ii) master maps were inadequate
iii) only 1 punch at some controls
iv) substandard control codes
v) control descriptions should have been displayed on the master maps.

It was descided to buy better map boards and make a permanent set of control codes, and take note of the other points for future events.

ii) The Beer and Skittles evening went very well, and another will be held next year.

iii) From the Treasurers report: New punches and controls - Ultrasport was prefered as supplier to Silva, and it was descided to spend £100 on 40 new punches and 30 new controls.
Club O-Suits - are to be ordered from Ultrasport. The initial order will be for 10 suits.
Steve Terry suggested buying books especially for mapping, however we would need to know more details before making a decision.

2) Secretary's Report

A copy of the new BOF rules has been received. Peter Dominic have given up the ranking list. New fixtures lists are availible.

3) Treasurer's Report

Bank Balance £138 Building Society £931

We still hold a £198 mapping grant which will have to be repaid if not spent.

4) Future Events

i) Lothian O-league 11 Jan Arthurs Seat.The event has been registered EUOC want 35p per map, which seems too high and can hopefully be negotiated down. Entries are £1.00 and 50p.

ii) Euoc/ Int Badge event 1st March has been moved to Craig a Barns and is still progressing okay.

iii)Highland '87. A meeting of all the main officials was held at Perth on the previous Saturday. A list of names was produced. Mapping and planning is progressing satisfactorily. Guidelines on equipment and manpower were issued and deadlines for draught maps and start and finish areas.

Each day will make up its own map units in what ever way they want. Maps will be supplied on 1st July.

Day teams should have 150 markers and 400 punches. We have an agreement to pool equipment with Day 1's organising clubs.

We have to supply manpower for finish and checking, where the guidelines suggest we have 37 bodies, however it was felt that about 20 would probably be adequate.

All club members will be in the early block on Day 5 to allow us to set up Day 6.

5) Mapping Archerfield is progressing.

6) Newsletter Next copydate is the beginning of January. Janice Nisbett is the new ESOC editor.

7) Socials A Burns Supper is to be held at the Southsider on Jan 23. Night-O 25th Feb. Scott will look into the possibility of using the Braids. Jane will organise but a planner is required.

8) A O C B

i)ESOC voted almost unanimously against merger at their AGM. They suggest we have a joint club championship result list, with their existing trophies being just for ESOC members.

ii)South East Area are now to be Known as the Lothian and Borders Orienteering Association although the SE Area Champs will retain their name.
